What follows is from his/her point of view and the facts as he/she knows them.
Parentheticals to be used for officer comments.

I had been in the shop all day. Trying to repair a faulty fryer. It had cut out during lunch [prompted]. We open between half eleven and two pm, then we close until five pm and stay open until 10pm except Friday and Saturday when we shut at 11pm. I had Davey working the counter when we opened again [prompted]. David A [REDACTED], good kid, hard worker. Funny [Incorrect]. It was a quiet evening, usually is on Wednesday. Near closing Davey came to the back and said an old woman was asking to use the phone, there'd be an accident or something. I said of course. But she had left, so Davey made the call. [Prompted] No, nothing. [Prompted] I was very young, I don't know or remember what I saw, if I saw anything. [interview concluded]
